# **CONSTRUCTION TRACKS**

# Industry-leading **durability** and **reliability**

Camoplast's Durabuilt™ tracks set industry standard for **service** life, damage **resistance**, low **maintenance** and superior **traction**.

All Camoplast tracks are produced exclusively from premium quality rubber and steel, and precision-assembled to the strictest tolerances using state-of-the-art technology.

**Camoplast tracks:**  
*high performance you can count on!*

## LOCS

### LOWEST OPERATING COST SOLUTION (LOCS)

Camoplast's LOCS is a **6-step** approach designed to provide the lowest operating cost for compact track loaders, mini-excavators and multi-terrain loaders.

#### 1 SUPERIOR **DURABILITY**

#### 2 OUTSTANDING **RELIABILITY**

- > Less downtime
- > Lower replacement costs

#### 3 BEST **WARRANTY**

**BEST  
WARRANTY  
IN THE INDUSTRY**

#### 4 EXCLUSIVE **HIGH-PERFORMANCE TECHNOLOGIES**

- > Patented **TrackGuard** technology
- > Exclusive tread patterns

#### 5 **BETTERFIT** OPTIMIZATION

Unique **O**riginal **E**quipment **M**anufacturers expertise

#### 6 MAXIMIZED **AVAILABILITY**

**QUICKSHIP**

Global distribution  
and extended manufacturing  
presence

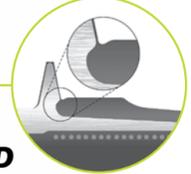

BetterFit

**TRACKGUARD**

- Prevents the infiltration of water, sand and rocks between the rolling path and iron core
- **Increases** rolling path **durability** by 100%.

**IRON CORE**

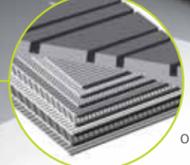

- Produced from superior steel alloy for a track **15% stronger** than the competition's.

BetterFit

**RUBBER COMPOUNDS**

- Long-lasting, low-abrasion rubber tread compounds for greater resistance to cutting and gouging
- Circular press track technology for consistent rubber curing throughout.

OPTIMIZED PLY

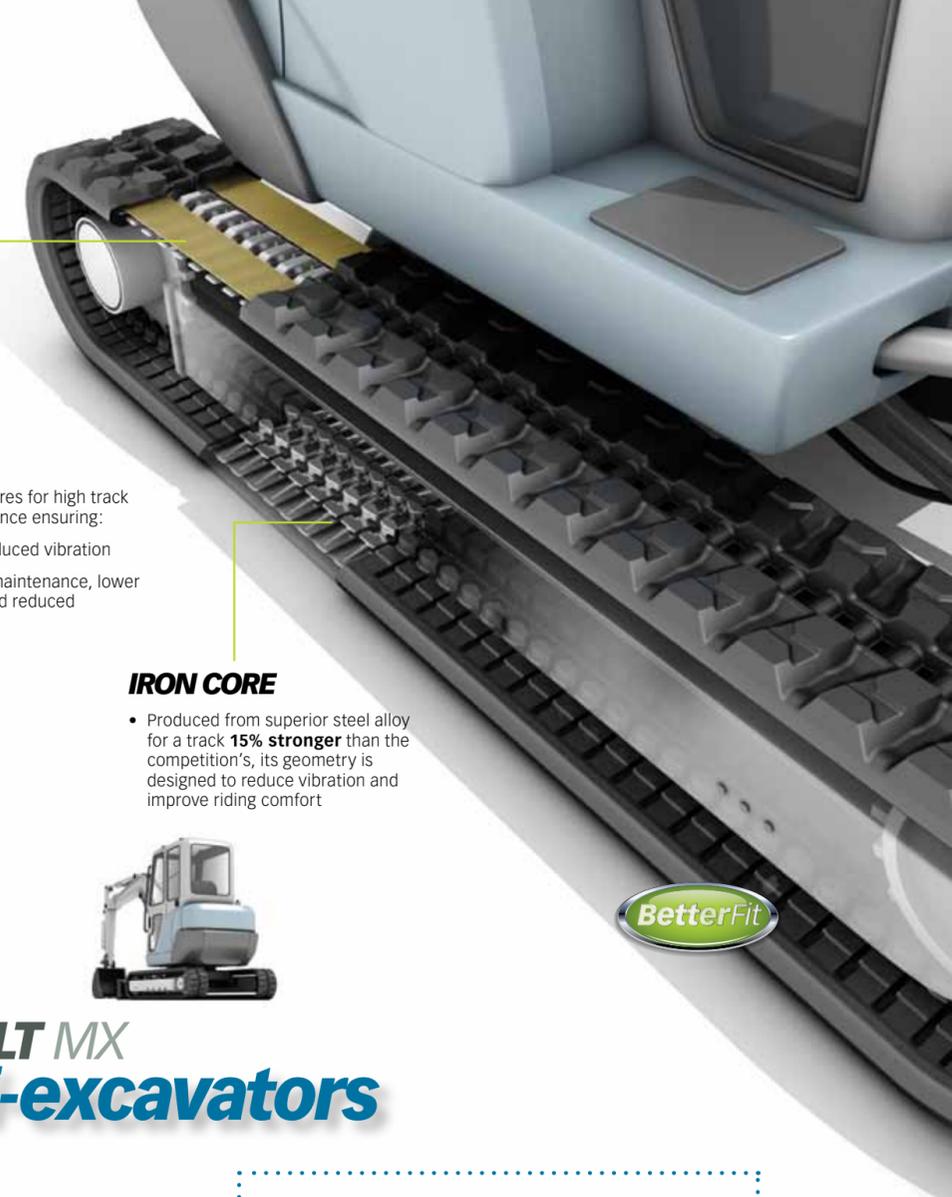

**DESIGN**

- Optimized drive-lug geometry for extended wear and superior performance
- Optimized ply for better track alignment and rigidity
- Heavy-duty rock-puncture resistant carcass.
- Synthetic fiber - reinforced construction for added ride comfort and corrosion resistance.

**TREAD PATTERNS**

MTL 1 MTL 2  
Tread patterns designed for maximum traction, floatation and durability.

BetterFit

**STEEL CABLES**

- Made of high-tensile steel wires for high track corrosion and stretch resistance ensuring:
  - Even track tension and reduced vibration
  - Fewer adjustments, less maintenance, lower hourly operating costs, and reduced downtime.

**IRON CORE**

- Produced from superior steel alloy for a track **15% stronger** than the competition's, its geometry is designed to reduce vibration and improve riding comfort

**STEEL CABLES**

- Made of high-tensile steel wires for high track corrosion and stretch resistance ensuring:
  - Even track tension and reduced vibration
  - Fewer adjustments, less maintenance, lower hourly operating costs, and reduced downtime.

**CAMOPLAST DURABUILT CTL/TSSL**  
*for compact track loaders*

**CAMOPLAST DURABUILT MTL**  
*for multi-terrain loaders*

**CAMOPLAST DURABUILT MX**  
*for mini-excavators*

**TREAD PATTERN**

AA

Exclusive Camoplast "C + Bar + Bar" pattern yielding low vibration and improved traction

**CAMOPLAST'S EXCLUSIVE TECHNOLOGY**

Camoplast designs and manufactures undercarriage systems and tracks **for most of the world's major OEMs** (Original Equipment Manufacturers). Its unique know-how ensures that all Camoplast tracks **enhance your specific vehicles' performance and component longevity.**

**YOUR GUARANTEE OF RELIABLE PERFORMANCE AND OUTSTANDING DURABILITY**

- optimized track geometry for reduced component wear and derailing
- precise pitch ensuring perfect sprocket and track engagement plus flawless alignment of steel cables and iron core
- fewer track tension adjustments.

**ALL CAMOPLAST HI-PERFORMANCE TRACKS DELIVER:**

- optimal performance
- maximum traction
- extended component service life
- superior durability and reliability
- reduced downtime and replacement costs.

**TREAD PATTERNS**

# *Leading the way*

With more than 10 million tracks produced since 1958, Camoplast is the leading brand of high-performance tracks. Relying on exclusive state-of-the-art manufacturing capabilities and the largest R&D team in the industry, Camoplast focuses solely on track technology and manufacturing.

Indeed, Camoplast's singular expertise has made its tracks the original equipment brand preferred by vehicle manufacturers. As a global producer, Camoplast is committed to leading the way in the development and manufacturing of high-quality tracks delivering superior value. This commitment is backed by an unrivaled warranty and supported by best-in-class customer service.
